

# My Little Boat

*mf*

We set off from the shoreline with the help of a friendly breeze.  
The sails roar up like a kite, As we head for the open seas,

*mf*

And the sun shines over the ocean, As the waves they rise and fall  
And my little boat sails through the ocean,  
Her mast standing straight and tall.

*mf*

We travel far together to a safe and peaceful land,  
Where water is filled with kindness, And truth lies in each grain of sand,

*mf*

And the sun shines over the ocean, as the waves they rise and fall,  
And my little boat sails through the ocean,  
Her mast standing straight and tall.

*p*

Gently, gently, sailing, Just my boat and me.  
Gently, gently, sailing,

We are happy 'cause we are free.
